

# Scott Walker, Through A Long And Sleepless Night

Through a long and sleepless night  
I whisper your name  
Through a long and sleepless night  
Of who is to blame

Can't help but wonder  
If you're lonely too  
As I lie here and toss about  
So alone, so without you

How I wish, my heart with me  
My memories alone  
Why must I re-dream, re-live  
The Joys we have known

I pray that someday  
Our love will see the light

'til then  
In thick dark silence  
I beg my heart to replace  
All through and oh so long and sleepless night

I pray that someday  
Our love will see the light

'til then  
In thick dark silence  
I beg my heart to replace  
All through alone so long and sleepless night
