

# Scout Niblett, Lullaby For Scout In 10 Years

are you still a chauffeur  
drivin' your body around  
are you still a hunter  
for yourself  
'cause honey, if you're still around  
honey, if you're still around

is there someone to hold you tightly  
in their arms  
if there's no one  
then drink a glass with me  
and show me what you said right now  
'cause honey, if you're still around  
honey, if you're still around

is there someone to hold tightly  
in their arms  
if there's no one  
then drink a glass with me  
and show me what you said right now  
'cause honey, if you're still around  
honey, if you're still around

honey, if you're still around  
honey, if you're still around  
honey, if you're still around  
honey, if you're still around
