

Scout Niblett, Moon Lake

By myself
Beside the lake
Waters rolling with excitement
In a hurry
To reach me
I am waiting
In worship

Our union
Rules the world for a moment
I immerse myself like the water's my lover

I greet him with tremendous
Slowly curling around my skin
To reach itself inside of me
To greet itself inside of me

Our union
Ruled the world for a moment
I immerse myself like the water's my lover
