

Scream Maker, Metalheads

Power that we keep inside
We are ready to unleash

We've been waiting much too long
Now there's something's got to give

Fire!
We burn
Fire!
Hell we burn

Isolation
Too long in fear
No more hiding
Our fist is real
/2x

Isolation
Too long in fear
No more hiding
Our fist is real
Dead is now
Our enemy
We are strong enough
And we are free

Think of us as of the storm
In the metal uniform
No remorse and no regrets
Yes, we are the metalheads

Fire!
We burn
Fire!
Hell we burn

Isolation
