

# Scream Maker, Spacestone

No one could've expected  
Only fairy tales  
Told us by the madman  
Only they would say  
That this day is coming  
And we're here unwashed and unprepared  
Even if we listened  
We wouldn't understand  
We'd say the madmen's funny  
To have him it's ok  
We would never get a glimpse  
Of what he's got to tell us  
What he wants to tell (Look out!)

Spacestone  
On its way to earth  
Spacestone  
Reach the final end  
Spacestone  
Death brand new  
Spacestone  
On its way to earth  
Spacestone  
Reach the final end  
Spacestone  
Coming just for you

Everything seems normal  
People live their lives  
Rich are getting richer  
Politicians lie  
No one sees the danger  
No one even tries to think ahead  
Maybe in the evening  
When the noise is gone  
Some of us get shivers  
Looking at the stars  
Asking if this life is worth  
Fighting every day for earthly prize (Look out!)

Spacestone...

See right there this evil light  
Spreads everywhere its evil blaze  
See it's here don't try to hide  
It will light all of your evil ways  
So bring your children start to pray  
Tell'em it's a final day  
Ask them to forgive forget  
Things the other's done to them  
Now like beggar raise your hand  
Not the fist but open and  
Say you're sorry for your land  
Maybe God have mercy then

Spacestone...  
Final day...
