

# Seabound, Floating

Floating

Lost and found - unleashed  
Guided by a ghost light  
A vessel on the open sea

Lost and found - unleashed  
A travel back in time  
A pilgrim's quest for purity

And I am  
Back where I began  
A poet with a soul  
A mind without control

And I am  
Back where it began  
A hungry ghost is what I am  
No love, no fear  
We are floating here

Lost and found - unleashed  
Following the path  
To the place where you once welcomed me

Lost and found - unleashed  
A travel back in time  
A futile quest for memories

And I am  
Back where I began  
A poet with a soul  
A mind without control

And I am  
Back where it began  
Rerun the tape for me, my friend  
No love, no fear  
We are floating here
