

Seabound, Go International

Go international
Come together

Japanese killer
In a German car
Two model wanna-be's
By his side
Iranian target
An American bar
Enjoys his final blow-job
And French wine

Go international
Come together
Go international
(With a triumphant smile)
Come together
(Try to stay alive)

South-American poetry
Never worked for me
Italian pornography
Sometimes did
Your longing for integrity
Never worked for me
I need incongruity
To stay alive

Mysteries and twists
Make for a far more
Interesting existence
And thoughtful state of mind

Go international
Come together
(State of mind)
Go international
(With a triumphant smile)
Come together
(Kill)
