Sebadoh, Mean Distance

Alive with the magic I know it's a crime Stirring in the ocean of my mind Below the surface a presence remains Subjective indecision, signs I'm deranged Psychokinesis, through all it isn't mine Designed to a degree, I welcome the life Be aware I'm a weary wreck, so wrap your hands around my neck Half-crazed elf friend given an escape The band's so misgiving, I call it a mistake Dreaming of a goddess I admire and trust Deal with my neuroses and satisfy my lust Dreaming of a goddess I admire and trust Deal with my neuroses and satisfy my lust Alive with the magic I know it's a crime Stirring in the ocean of my mind Psychokinesis through all it isn't mine Designed to a degree, I welcome the life
