

# Sebadoh, On Fire

My opinion could change today, but I'm responsible anyway  
For second or third hand information  
That complicates the complication  
And I don't think before I speak  
And I don't know how far my words reach  
So wrong nearly every time, that I'm sorry I speak my mind  
If what I said was unkind  
Now it feels like I'm on fire  
It's burning the world through  
But don't hold it against me, cuz I know you're lying, too  
Is there any need for apology? There's no reason to believe me  
Judgments born in my jealous mind, creeping inside outside  
Connections I've made never follow through  
And sooner or later disappoint you  
Or cross you twice when your back is turned, that's how I've learned  
That someone has got to be burned  
Now it feels like I'm on fire, these words are not the truth  
But don't hold it against me, cuz I know you're lying, too  
Feels like I'm on fire, it's burning the world through  
Don't let me fall without someone to hold on to  
Someone to hold to, someone to hold on to
