

# Sebastian Bach, By Your Side

So long my dear departed  
where did you go  
I can't believe you're gone and  
the lights go out so slow  
I'm missing you each morning  
days gone by  
Can I feel the longing  
to look you in the eyes

You know I'll never let you go  
You know I'll never hurt so bad  
And if it takes a thousand years  
I will be right there by your side

You know I'll never let you go  
When I lost you I was blind  
And everytime I catch me with tears  
I will be right there by your side

I feel you when you're watching  
From afar  
Too young to leave me standing  
I wonder where you are

The precious time we spent  
My fondest memories  
I'll hold on to the promise  
That you made to me

You know I'll never let you go  
You know I'll never hurt so bad  
And if it takes a thousand years  
I will be right there by your side

You know I never hurt so much  
When I lost you, I was blind  
And everytime I catch the tears  
You are right there by my side

I stare into his eyes  
And then I see your face  
A dying love inside  
A love you can't replace  
You're looking down with pride  
And let me show what I can tell

So long my dear departed  
Where did you go?  
I can't believe you're gone and  
My life goes on so slow

You know I'll never let you go  
You know I'll never hurt so bad  
And if it takes a thousand years  
I will be right there by your side

You know I'll never let you go  
When I lost you I was blind  
And everytime I catch the tears  
You are right there by my side

You are right there by my side  
You are right there by my side
