

# Sebastian Bach, What Do I Got To Lose?

I don't care what you do or say  
I'm a bull head ready to strike  
Ain't got time for the compromise  
Come and get it if you dare tonight

Yeah! Yeah.

Shock and awe down in Shangri-La  
Gonna hit you in the light of day  
When the dogs ain't lookin'  
Then the kitty come a crookin'  
Once you wake up it'll be too late

Whoa no  
Here we go again  
Whoa no It never ends

What have I got to lose?  
What have I got to save?  
Still there is no difference to me, it's all the same  
What have I got to choose?  
What do I got to change?  
So for now I'm holding on  
I'm holding on for judgement day

You can beat me, take everything I got, but you can't take away my pride  
You can whip me into submission babe well at least you can give it a try

Whoa no  
Here we go again  
Whoa no  
It never ends

What have I got to lose?  
What have I got to save?  
Still there is no difference to me, it's all the same  
What have I got to choose?  
What do I got to change?  
So for now I'm holding on  
I'm holding on for judgement day

Down & out not for the count spent a year not livin' a life  
Now we're ready, kick down the door, ain't never goin back inside  
No

Whoa no  
Here we go again  
Whoa no  
It never ends

What have I got to lose?  
What have I got to save?  
Still there is no difference to me, it's all the same  
What've I got to choose?  
What do I got to change?  
So for now I'm holding on  
I'm holding on for judgement day
