

# Sebastian Machalski, I Blame You (piosenka na E)

I blame you for my good emotions  
I blame you for not feeling sad  
I blame you for me feeling awesome  
I blame you and i am so mad that i met you  
I blame for this

Are you ready?

I blame you for  
Good emotions making  
Me feel better thinking  
You're the one i should be thanking  
Instead im blaming  
You for these emotions  
You for being a distraction  
You for my reactions  
I could be grateful  
But i

See you when you do your thing  
When you're tempting me  
And you take my breath away  
The games you play

How you walk and talk  
Why am i playing your dog  
I hate to say that  
You make my day

I blame you for the sunshine,  
Breaking through the rain,  
For the happiness, in my veins.

For feeling better everyday  
For this attraction  
For this attraction  
I blame you for

Good emotions making  
Me feel better thinking  
You're the one i should be thanking  
Instead im blaming  
You for these emotions  
You for being a distraction  
You for my reactions  
I could be grateful  
But i

Blame you for my good emotions  
And for feeling awesome  
Yeah you know it's all your fault

I blame you for not feeling sad  
Blame you and i am mad that i met you  
I blame for these  
Good emotions  
I blame you for my good emotions  
I blame you for my good emotions  
Emotions, emotions, emotions, emotions

You know its all your fault  
And baby its a terrible ball, ball, ball, ball

Still

I don't wanna miss  
Any chance for a kiss  
I wish i could be free of this

You see that i i i  
Just wanna be free  
No lie  
You reel me back  
On repeat on repeat

Here we go!  
I stay with you cause I'm cozy  
Cause I'm no longer lonely  
Your company is the only  
Thing that makes me  
Today I'm gonna set up new boundaries  
For you I'll no longer be dancing

You wanna see me dance?  
Do you wanna see me dance?  
Not a chance

Because i blame you for my good emotions  
And for feeling awesome  
Yeah you know it's all your fault

I blame you for not feeling sad  
Blame you and i am mad that i met you  
I blame for these  
Good emotions making  
Me feel better thinking  
You're the one i should be thanking  
Instead im blaming you

Im blaming you  
Im blaming you  
Oh yeah!

I blame you for my good emotions  
I blame you for  
I blame you for my good emotions
