

# See Spot Run, Can't Forget You Baby

Ce Soir Paris just you and me  
Think about the love in the art gallery  
High atop the Eiffel tower  
Bed of roses you're my flower

Can't forget you baby  
Can't forget the love you gave me

Hidden in the darkness of the daylight  
Lovin' and kissin' will make it alright  
Rainy Christmas day in dead city  
Draggin' luggage down the Champs de l'Elysee

Won't forget you baby

Won't forget the love you gave me

Sunk my battleship on a scrap of paper  
Gimme ice cream with a chocolate flavour  
Maybe we can make it all last forever  
If we just spend the night together

Don't forget me baby  
Don't forget the love you gave me

Can't forget you baby  
Can't forget the love you gave me
