I am sinking ship and burning trap
this hidden score
I am frozen mast baptized
imbibed, adored
for I am losing this
for I am losing this

I am melting steel and charred controls
celestial core
I am helpless craft of light
ignite, adore
for I am losing this
for I am losing this

one depth below

I am casual sex graph soft porn flashback
crashing car
and I am broken glass reflection
scarred, adored
for I am losing this
for I am losing this

one depth below

torn down, torn down and amplified under
chambers of science
this useless waiting changes you
