

# Seether, Here and now

This fear has me chilled down to the bone  
And I have been haunted by these things I still have left to say  
I'm weary of fighting this alone  
So tired of holding on to strings much better left to fray

And I said  
Hear me now here and now I'm calling  
Memories wear me down  
And this seems so complicated  
When all I want is just the truth

I'm wilted and faded after all  
Too strung out and burnt out to be half the man that I could be  
I'll never belong inside your world  
So black out the sun and leave me to play out the same old tragedy

And I said  
Hear me now here and now I'm calling  
Memories wear me out  
And this seems too complicated  
When all I want is just the truth

Hear me now here and now I'm calling  
Memories wear me out  
And this seems too complicated  
When all I want is just the truth

You're my savior after all  
Use your flame to guide me home  
And then lay your hand on me

And I said  
Hear me now here and now I'm calling  
Memories wear me down  
And this seems so complicated  
When all I want is just the truth

Hear me now here and now I'm calling  
Memories wear me out  
And this seems too complicated  
When all I want is a part of you
