

# Selah Sue, Feel

You never show you love  
No matter what I do  
You keeping up your guard  
You locked to heart ...  
/2x

You wanna stay on shore  
And never ride the wave  
But if you take the dive  
You know that you relief, yeah!

But you just want to take things slowly  
You just wanna seek in silence  
But if you gonna be sad you'll see, yeah!

I'm happy that you do feel something  
Be happy that you do feel something  
And if you gonna be mad at me, yeah!  
I'm happy that you do feel something  
Be happy that you do feel something

I wanna keep you close  
No matter what you say  
I want speak to loud  
To make me understood, yeah!

You'll open up some day  
Admit to feel it all  
And now .. of face  
The darkness of the night

But you just want to take things slowly  
You just wanna seek in silence  
But if you gonna be sad you'll see, yeah!

I'm happy that you do feel something  
Be happy that you do feel something  
And if you gonna be mad at me, yeah!  
I'm happy that you do feel something  
Be happy that you do feel something

Coz life is too short  
How do we know where to go  
where to go?  
But I don't want to see you hurting  
I just wanna make you smile  
But if you gonna be sad you'll see, yeah!

I'm happy that you do feel something  
Be happy that you do feel something  
And if you gonna be mad at me, yeah!  
I'm happy that you do feel something  
Be happy that you do feel something
