

# Selah Sue, You

hole a little  
home a little smile on my way  
I am a little closer  
hold on to you  
save my day

cause you are all I need  
cause you are all I want

stay a little longer  
all I need is starving your embrace  
it's always so much better  
better life  
better this day

cause you are all I need  
cause you are all I want
