Selena Gomez, Forget Forever

I told, I told, I told myself again I'm never running back on what I said Trying not to run but you're so far away, so far away Listen to the conscience in my head I'm conscious but I'm lonely halfway dead Tired of the things you never, you never said You never said

Our love was made to rule the world You came and broke the perfect girl Our love was made to rule the world Our love was made to rule the world You left me wanting what we were Our love was made to rule the world

Forget forever, forget forever Forget you ever knew my name, My name, my name, my name

I know, I know we can't pretend That we were never lovers in the end I've tried to tell myself this pain Would go away just go away

Our love was made to rule the world You came and broke the perfect girl Our love was made to rule the world Our love was made to rule the world, You left me wanting what we were Our love was made to rule the world

Forget forever, forget forever Forget you ever knew my name, My name, my name, my name Forget forever, forget forever
