

# Selena Gomez, Hold On (ft. Ben Kweller)

Hey, ok stop  
You're being a jerk now wait  
Do you play the riff twice and then I go in  
Ok, ready  
I'm so embarrassed, I don't know  
Go

Make it to the end  
It will better you very soon, oh yeah  
Rely on your friends  
They'll get you through  
They're there for you, oh yeah  
Hold on  
And suddenly you find your way  
Hold on  
Till yesterday is far away  
Don't let it get you down  
It will bury you, very soon, oh yeah  
Come into your own  
And then let it go  
Don't you know, oh yeah  
Hold on  
And suddenly you find your way  
Hold on  
Till yesterday is far away

When you've had enough of everything  
All is left is let it go  
Hold on  
And suddenly you find your way  
Hold on  
Till yesterday is far away

Hold on  
And suddenly you find your way  
Hold on  
Till yesterday is far away
