## Selena Gomez, Rule The World

I told,I told ,I told myself again I'll never running back on what i said Trying not to run but you're so far away So far away...
Listen to the conscience in my head I'm conscious but I'm lonely halfway dead Tired of the thing you never,you never said You never said...

Our love was made to rule the world You came and broke the perfect girl Our love was made to rule the woorld Our love was made to rule the world, You left wanting what we were Our love was made to rule the woorld

Forget forever, forget forever Forget you ever knew my name, my name, my name, my name

I know, i know we can't pretend that we never lovers in the end.. I've tired to tell myself that this pain would go away...

Just go away...

Our love was made to rule the world You came and broke the perfect girl Our love was made to rule the woorld Our love was made to rule the world, You left wanting what we were Our love was made to rule the woorld

Forget forever,forget forever Forget you ever knew my name,my name,my name,my name Forget forever Forget forever
