

Self, Titanic

And this I know Leonardo DiCaprio
What a gas it was to see him
Upon the silver screen
In another starring role
With her lips she said, Rose ah..

Hey Jack Hey Jack
I'm gonna jump off the back
Hey Jack Hey Jack
I'm gonna jump off the back
Hey Jack Hey Jack
I'm gonna jump off the back
Of the titanic
Titanic, Titanic
A Big Big Boat
Titanic, Titanic, Titanic
A Big Big Boat

What a lovely lady rose
What a big black sea
What a hunk of boat
We'll walk everyday around this big ass boat
We should dock it, but where would we

Hey Jack Hey Jack
I'm gonna jump off the back
Hey Jack Hey Jack
I'm gonna jump off the back
Hey Jack Hey Jack
I'm gonna jump off the back
Of the Titanic
Titanic, Titanic
A Big Big Boat
Titanic, Titanic, Titanic
A Big Big Boat

An iceberg left, you floating here
Just where you were, before it appeared
And its in place, an sea of space
You found you're finally resting place

Titanic, Titanic, Titanic
A Big Big Boat
Titanic, Titanic, Titanic
A Big Big Boat
