

# Serafin, Since I Broke My Heart

If I was gonna be so brave  
If I was gonna be so brave  
Then I would stand make a scene  
If I was gonna be so brave

No Look Back  
You've come way to far  
No Relax  
Since I broke my heart

If I was with you for myself  
If I was with you for myself  
Then I would change it with feelings  
If I was with you for myself

No Look Back  
You've come way to far  
No Relax  
Since I broke my heart

No Look Back  
You've come way to far  
No Relax  
Since I broke my heart

Ive got a mean, got a mean, got a state of mind  
Straight backwards girl on suicide  
Shes driving me....

No Look Back  
You've come way to far  
No Relax  
Since I broke my heart

No Look Back  
You've come way to far  
No Relax  
Since I broke my heart
