

# Serious Black, Senso Della Vita

Tell me what's it all about  
Help me - don't let me fall down

I feel the world is changing  
Mankind is celebrating lies  
While they don't look in your eyes  
To sell a super human  
They have to put down true men cry  
Stop to be the easy prey and

Don't cry at night  
Just do what's right

Dimmi qual è il senso della vita  
Can you tell me what's the deeper sense of life  
Dimmi qual è il senso della vita  
I keep on searching for the meaning of my life

We hear our leaders lying  
But we are still denying truth  
For the growing greed inside  
We try to be the best ones  
We want to be the first ones  
In our race of recognition

Dimmi qual è il senso della vita  
Can you tell me what's the deeper sense of life  
Dimmi qual è il senso della vita  
I keep on searching for the meaning of my life

Dimmi qual è il senso della vita  
Can you tell me what's the deeper sense of life  
Dimmi qual è il senso della vita  
I keep on searching for the meaning of my life

Dimmi qual è il senso della vita  
Can you tell me what's the deeper sense of life  
Dimmi qual è il senso della vita  
I keep on searching for the meaning of my life
