

Serj Tankian, Electric Yerevan

Mismanaged foreign monopolistic utility firms
Should always be made public before we all burn
For the cost of heating we take another beating
Our wills are now seething
When well we all learn

Civic societies are burgeoning in the world

We don't want to be the bitch of any superpowers
Color revolutions fade
We want cheep power
Electric /4x
Yerevan

Qwe say no to corruption
And no to plunder
Billionaire playgrounds are going under
Electric /4x
Yerevan

Brutal police crackdowns
Woth water cannons serve to irrigate te seeds of discontent
And malcontent

Civil disonedience working like a charm

We don't want to be the bitch of any superpowers
Color revolutions fade
We want cheep power
Electric /4x
Yerevan

Qwe say no to corruption
And no to plunder
Billionaire playgrounds are going under
Electric /4x
