

# Seven Kingdoms, Stargazer

On the walls painted stone  
High in the sky the fire shown  
Wide-eyed by what's unknown  
Silenced by questions we still don't know

Ignorance and fear shatters all they know  
By the gods they're saved  
Enslaved and afraid  
Bewildered by what's untold

The one stands above  
Looming over his own or over his drones?  
Questions answered by gods

From another time  
A being in their prime  
As they knelt  
Was there more than eyes could see?

Who's the face behind the throne?  
Stargazer question the unknown!

Thoughts of standing on martian land  
Fill up our heads, drive our commands  
Are we alone or just in the past?  
Do we pull the strings, or do we have to ask?

At the edge of space or not at all  
Who really knows  
We are the ones who long for the answers

I walk in judgement's shadow  
Fear me or die  
Subconsciously a stranger to me is divinity personified?

We just want to know  
What it's like to know  
What it's like to understand  
Divine sleight of hand and see...

Who's the face behind the throne?  
Stargazer question the unknown!
