

Sevenglory, This Time

I keep on telling myself
That I am going to make a change in life
Do you think that I can make it?
Pressing on with life
I walk beside things that tear me apart
This is not my crown
It's just something that brings me down

Draw me into your presence
Draw me into the light
And this will be the time I go the distance
This time I know that you are here with me

I heard you say that life has worn you down
And thrown you to your knees.
But this is not your crown
It's just something that brings you down
