

SEVENTEEN (□□□), My My

You keep in step
Run away
Even if it's a dry desert
It's okay

Clouds become umbrellas for the sunshine
I am not alone

Everyday i open my eyes
And i always find something new
I meet myslef in the mirror
And blossom a new me

Just paint the time
Just paint it
Nothing's set in stone
Nothing's too fast or too slow
Our life is lalalalalala
