

# Shaggy, John Doe

Lets do this one positively  
This one goes out to me mislead  
To preserve the youths of tomorrow  
Today is the time to stop all the unnecessary blood shed  
Life of a gangster is not sweet  
And I'm coming to you straight from the streets  
This could be a story about anybody  
But let's call him John Doe

[chorus]

A rude boy get murder cops were quicker on the draw  
Another youth get murder a victim of the law  
Rude boy get murder cops were quicker on the draw  
Another youth get murder a victim of the law

[verse 1]

Johnny was wicked ragamuffin and raw  
Pull off a robbery but the cops he never saw  
He got surrounded and they crushed him like a straw  
John Doe went out like that  
No, no, no  
He heard them coming but he didn't get to flee  
Wanted by the cops was living like a refugee  
Do no evil think no evil try it and you will see  
Bad boy and law man don't gree

[chorus]

Wicker on the microphone that is where I get my vibe  
Trying to hustle and make a doller ain't got no 9 to 5  
watching my back when going home and trying to stay alive  
Got to strive, got to strive, got to strive  
Johnny was a gangster well ain't life a bitch  
Robbing with his homies then they got ditched  
Thought he was the man but he was rolling with a snitch  
All he wanted to do was get rich

[chorus]
