

Shakedown, At night

(I feel... at night)

It seems I can't deny

Some days just don't seem right

I think I feel, I feel much better

At night

Sometimes I can't deny

Some days just don't seem right

I think I feel, I feel much better

At night

Sometimes I can't deny

Some days just pass me by

You know I feel, I feel much better

At night

(I feel...)

Seems I can't deny

Some days just don't seem right

I think I feel, I feel much better

At night

Sometimes I can't deny

Some days just pass me by

You know I feel, I feel much better

At night
