

Shakira feat. Alejandro Sanz, D

Te conoc un da de enero,
con la luna en mi nariz
Y como v que eras sincero
En tus ojos me perd

Que torpe distracci&ocute;n
Y que dulce sensaci&ocute;n

Y ahora que andamos por el mundo
Como Eneas y Benitin
Ya te encuentre varios rasguos
Que te hicieron por ah

Pero mi loco amor
Es tu mejor doctor

Voy a curarte el alma en duelo
Voy a dejarte como nuevo
Y todo va a pasar
Pronto vers el sol brillar

T ms que nadie merecer ser feliz

Ya vas a ver como van sanando
Poco a poco tus heridas
Ya vas a ver como va
La misma vida a decantar la sal que sobra del mar

Y aunque hayas sido un extranjero
hasta en tu propio pas
Si yo te digo qu dices tu?
Tu an dices que decs?
Y lloras de emoci&ocute;n oyendo un bandone&ocute;n

Y aunque parezcas despistado con ese caminar pausado
Conozco la raz&ocute;n que hace doler tu coraz&ocute;n
Por eso quise hacerte esta canci&ocute;n

Ya vas a ver como van sanando
Poco a poco tus heridas
Ya vas a ver como va
La misma vida a decantar la sal que sobra del mar

JANUARY DAY

I met you one January day,
With the moon on my nose
And seeing you were sincere
in your eyes, i lost myself

What a clusmy distraction
And what a sweet sensation

And now that we're walking around the world
Like Eneas and Benetin
I've already noticed the many cuts
That they inflicted on you along the way

But my crazy love
Is your doctor

I'm going to cure your mourning soul
I'm going to leave you like new

And everything's going to pass
Soon, you will see the sun shine

You, more than anyone, deserve to be happy

Soon you will see
Your wounds healing little by little
Soon you will see how life itself
Will decant the excess salt from the sea

And although you've been a foreigner
even in your own country
If i ask 'how do you say' (Colombian Accent)
You still say 'what did you say' (Argentinean Accent)
And you cry with emotion listening to a bandoneón

And though you seem absent minded with that lazy walk
i know what causes your heart to ache
that's why i wanted to make you this song

You're going to see how little by little
Your wounds are going to heal
You're going to see how life itself
Will decant the excess salt from the sea
