

# Shakira, Ready For The Good Times

I don't wanna clear the cobwebs from my head  
Time will bring them back I bet  
So if you hear me say that I believe in love  
Don't make me feel ashamed  
I used to sing the saddest songs  
And while in the meantime roaches used to climb my door  
Falling back down to the floor  
I used to read survival guides  
When my world was full of seven legged cats  
But here a I am with eight more lives

I'm ready for the goodtimes  
I'm ready for the goodtimes  
Ready to get it on  
i'm ready for the goodtimes  
I'm ready for the goodtimes  
Now that I'm not alone

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh  
You know it  
Oh oh oh oh  
Oh oh oh oh  
You better not  
Ignore it

I don't wanna look at fashion magazines  
While someone does my nails  
Sitting here watching other people live  
Frozen by the fear to fail  
Cause, everyday there's a war to fight  
And if I win or lose never mind  
As long as you're my shelter every night  
I used to cry against a wall  
But now i've got a shoulder  
That I can lean on  
Swear to me you won't be gone

I'm ready for the goodtimes  
I'm ready for the goodtimes  
Ready to get it on  
i'm ready for the goodtimes  
I'm ready for the goodtimes  
Now that I'm not alone
