

# Shalva Band, A Million Dreams

John Lennon once said  
"A dream you dream alone is only a dream. A dream you dream together is reality."  
We dreamt together  
and here we are  
on the biggest stage we can imagine  
don't stop dreaming  
no matter what people said!

I close my eyes and I can see  
A world that's waiting up for me that I call my own  
Through the dark, through the door  
Through where no one's been before  
But it feels like home

they can say /2x  
it all sounds crazy  
they can say /2x  
I've lost my mind  
I don't care /2x  
if they call me crazy  
we can live in a world we can design

cause every night I lie in bed  
the brightest color fill my head  
a million dreams are keeping me awake  
I think of what the world could be  
a vision of the one I see  
a million dreams is all it's gonna take  
A million dreams for the world we're gonna make

there is a house we can build  
every room inside is filled with the things from far away  
special things I compile  
each one here to make you smile on a rainy day

they can say /2x  
it all sounds crazy  
they can say /2x  
I've lost my mind  
I don't care /2x  
if they call me crazy  
we can live in a world we can design

cause every night I lie in bed  
the brightest color fill my head  
a million dreams are keeping me awake  
I think of what the world could be  
a vision of the one I see  
a million dreams is all it's gonna take  
A million dreams for the world we're gonna make

however bigm however small  
let me be part od it all  
share your dreams with me  
we may be right we may be wrong  
but I wanna bring you along you the world I see  
to the world we close our eyes to see  
we close our eyes to see

Every night, I lie in bed  
The brightest colors fill my head  
A million dreams are keeping me awake  
I think of what the world could be  
A vision of the one I see

A million dreams is all it's gonna take  
A million dreams for the world we're gonna make
