

Shanguy, Creatures Of The Night

Don't get along with the typical
Cause We don't wanna walk your way

Don't get us wrong we do the minimum
But we don't wanna be repaired

Walking to the moonlight
It's alright
Keep standing in the night

I can see you don't mind
From your eyes
Cause that is what you like

Looking for the party?
We got it
You wanna take a bite?

Gotta cut the light

We're Creatures of the night yeah
The dark is life yeah
We don't hesitate we
Turn the lights off

That's what we like yeah
The dark is life yeah
We don't hesitate we
Turn the lights off

Turn the lights off!

(We comin' comin')
(We comin' comin')
(We comin' comin')
We're creatures of the night!
(We comin' comin')
(We comin' comin')
(We comin' comin')
We're creatures of the night!

Can call us dumb, call us cynical
We know that nobody cares
'Cause in the dark we're invisible
We go where nobody dares

Walking to the moonlight
It's alright
Keep standing in the night

I can see you don't mind
From your eyes
Cause that is what you like

Looking for the party?
We got it
You wanna take a bite?

Gotta cut the light

We're Creatures of the night yeah
The dark is life yeah
We don't hesitate we
Turn the lights off

That's what we like yeah
The dark is life yeah
We don't hesitate we
Turn the lights off

Turn the lights off!

(We comin' comin')
(We comin' comin')
(We comin' comin')
We're creatures of the night!
(We comin' comin')
(We comin' comin')
(We comin' comin')
We're creatures of the night!

We are all awaiting
You may call us crazy
There's no get away
(Oh yeah)

We're all levitating
When light start the fading
Tonight is the day?
(Oh yeah!)

We're Creatures of the night yeah
The dark is life yeah
We don't hesitate we
Turn the lights off

That's what we like yeah
The dark is life yeah
We don't hesitate we
Turn the lights off

Turn the lights off!

(We comin' comin')
(We comin' comin')
(We comin' comin')
We're creatures of the night!
(We comin' comin')
(We comin' comin')
(We comin' comin')
We're creatures of the night!
