

# Shania Twain, Bite My Lip

I gotta a 9-5 that seems like it never ends  
I gotta touchy boss that wants me in his hands yeah  
And no is a word that he doesn't understand  
He says baby can you work with me til 9  
I know he knows that I can use the overtime yeah  
But I can tell he's gonna hand me another line

Gotta bite my lip  
Keep it in stride  
Gotta bite my lip  
Just let it ride  
Gotta bite my lip  
Watch what I say  
Gotta bite my lip  
Just walk away

Yeah I'm walkin home  
I gotta hot date tonight yeah  
I got us chilled champaigne  
And a dinner by candle light  
He's gonna be here soon  
And everythings gonna be alright  
I get a call and guess who's on the other line  
I can't make it tonight  
Can we do it another time yeah  
Oh what nerve  
I'd like to give him a piece of my mind

Gotta bite my lip  
Keep it in stride  
Gotta bite my lip  
And let it ride  
Gotta bite my lip  
Watch what i say  
Gotta bite my lip  
And walk away

Gotta bite my lip  
Keep it in stride  
Gotta bite my lip  
And let it ride  
Gotta bite my lip  
Watch what I say  
Gotta bite my lip  
And walk away

Gotta bite my lip  
Watch what I say  
Gotta bite my lip  
And walk away
