

# Shantel, Disko Boy

I go to a club on the saturday nights  
I order a vodka to make me feel right  
The place is packed  
Dancing couples everywhere  
I take a seat in the corner and stare

Suddenly I see  
You're dancing too  
Your hips are shaking  
I dont know what to do  
I wanna talk to you  
But my mouth is dry,  
Oh why am I so shy

yabadabaday yoboboboboy  
I wanna be your disco boy  
I wanna dance with you and i hold you tight  
I wanna make you mine tonight

I'm heading to the bar to have another drink  
Yes, I need a drink and some time to think  
Five vodkas later I had a plan  
I know i must be brave and act like a man

Like a bridge

Come and I falling to the trance  
People come closer to see my discodance  
Come closer to and keep me in view  
All I'm singing this just for you

yabadabaday yoboboboboy  
I wanna be your disco boy  
I wanna dance with you and i hold you tight  
I wanna make you mine tonight
