

ShataQS, You're beautiful

Baby, where are you going?
But can't you tell me where you lend this?
Babe who your running from
Do you wanna by alone?
Baby why you can't control it
Can't you see it's all sure?
Why you don't give up your the power
Why don't let your light go on

You don't know, You don? know /6x
Never be told you're beautiful

Love could be so simple
If you just would know
(If you just would know)
But nobody told you
What you worth ?
If you know I'm sure you would go
Do it all
Make the mark of this world
But you don't know
You can turn it
You're blind so you crash into wall
Oh, it hurt

Maybe in exact time you'll get to know
And fight for your freedom
/4x

You don't know, You don? know /6x
Never be told you're beautiful
