

# She Wants Revenge, Save Your Soul

Tell me lover  
Tell me where have you been  
I've been sitting in this chair since half past ten  
I've been wondering when  
You might just walk through the door  
And now we'll sit and talk about it

You don't listen  
You don't even try very hard  
Your good intentions  
Well they don't seem to go very far  
And now we're going to  
foretell until somebody draws blood  
But no one's going to sleep tonight

Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Cause nothing's going to change my mind  
And nothing's going to change your ways

Tell me lover  
Tell me where we went wrong  
I beg forgiveness but I know that your will is strong  
And there's the fact that  
You're the one that took someone on the side  
No no no no no  
There's no difference no submissions  
And this thing on the past  
Your indiscretions from the start  
Determined if it would last  
And now I'm standing on the verge  
Of maybe drawing the line  
And no one's going to sleep tonight

Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Cause nothing's going to change my mind  
And nothing's going to change your ways

Nothing's going to change my mind  
And nothings going to change your ways  
Nothing's going to change my mind  
And nothing's going to change your ways

Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Cause nothing's going to change my mind  
And nothing's going to change your ways
