

# Shea Seger, I Love You Too Much

There's a letter I wrote to you  
On the bathroom sink  
It's burning a hole  
And it's the truth can stand it  
It's full of words  
It's full of love  
It's full of me  
It's full of choices  
Now can you stand it  
I've entertained your point of view  
I've one so far as to even follow you  
Maybe now you'll see  
Yeah you'll see

I love you too much baby  
For you to be with me  
I love you too much baby  
And I know you want to be free

There's a giant step between love and understanding  
Baby I think you stopped at love  
But sooner or later you're gonna take me as I am  
Learn to hear these sounds and try to understand  
To understand

I love you too much baby  
For you to be with me  
I love you too much baby  
I'm gonna set you free

I love you too much baby  
For you to be with me  
I love you too much baby
