

Shelby Lynne, Dreamsome

(written by Shelby Lynne, Dorothy Overstreet and Jay Joyce)

In the dark I can hear you whisper
shadows still, move across the distance

What did you say, it's okay
Did you miss me
Did you miss me

Make it mine, takin' time, forgotten
speak for me, silent plea, surrender

What did you say, it's okay
Did you miss me
Did you miss me

You know at times I wondered
if you ever thought of me
and I wondered if you wanted to be free
like me, and I needed to feel you and
I wondered did you miss me baby, oh yeah

Turn to gray, bluer shade, when the sun comes
Peaceful time, cease your mind, Dreamsome

What did you say, it's okay, oh baby
Did you miss me
Did you miss me
Did you miss me
Did you miss me
