

# Sheppard, These People

Well I won't waste another minute  
On anyone like you  
You're heartless in your origins  
And I'm tired and weakened through  
Now I'm leaving all my bridges burned  
I'm disconnecting ties  
I'm screening my position  
'Cause I don't want you in my life

Sometimes, these people push me around  
And I'm tired of people keeping me down

Every city and every town, no matter where I go  
Every smile and every frown, oh you're in every show  
And I can't try and find a haven,  
'Cause I can't wait for you to change  
But I'm sure that all the people are the same

Sometimes, these people push me around  
And I'm tired of people keeping me down

Dah-da-da-da  
Dah-da-da-da  
Dah-da-da-da-da  
(Yeah)  
Dah-da-da-da  
Dah-da-da-da  
Dah-da-da-da-da

Sometimes, these people push me around  
And I'm tired of people  
And I'm tired of people keeping me down

And you've won  
I can't understand where you're coming from  
Ooooh-oooh-oooh  
And I'm done... yeah

Does anyone know where I went so wrong?
