

# Sheryl Crow, Perfect Lie

Burn like a cigarette  
All inside my head  
Reminding me not to forget  
Words, words I'd never say  
Things along the way  
Their telling me that I'm the best

'Cause your face it doesn't look like it did  
You give away everything now that you've hid  
You, you want to be only  
To never get lonely  
So you opened up your arms and took me in  
And this our last goodbye  
And this is a perfect lie  
Told by someone that I used to know back then

Help, help is on the way  
That's what they all say  
It's a thing that they don't know  
'Cause I, I know everything  
And maybe it's just a ring  
But that won't make me let it go

Look at your face it doesn't look like it did  
You give away everything now that your here  
You, you want to be only  
To never get lonely  
So you opened up your arms and let me in  
And this our last goodbye  
And this is a perfect lie  
Told by someone that I used to know back then

Look at your face doesn't look like it did  
You hide your love  
But your not willing now to give, willing now to give  
You, you want to be only  
To never get lonely  
So you opened up your arms and let me in  
And this our last goodbye  
And this is a perfect lie  
Told by someone that I used to know back then
