

# Shinedown, Devour

Take it and take it and take it and take it and take it all  
Take it and take it and take it until you take us all  
Smash it and crash it and thrash it and trash it; they're only toys  
Try as you like it, don't hide it, don't fight it, just let it out  
Steal it and shoot it and kill it or take another route  
Take it and take it and take it; you know they're only toys

Devour, devour  
Suffocate your own empire  
Devour, devour  
It's your final hour  
Devour, devour  
Stolen like a foreign soul  
Devour, devour  
What a way to go

You want it, you want it, you want it, you want it, well here it is  
Everything, everything, everything isn't so primitive  
Take it and take it and take it and take it and take it all  
Nobody, nobody wants to feel like this  
Nobody, nobody wants to live like this  
Nobody, nobody wants a war like this

Devour, devour  
Suffocate your own empire  
Devour, devour  
It's your final hour  
Devour, devour  
Stolen like a foreign soul  
Devour, devour  
What a way to go

What a way to go

Diving down  
Round and round  
Diving down  
Round and round

Devour, devour  
Suffocate your own empire  
Devour, devour  
It's your final hour  
Devour, devour  
Stolen like a foreign soul  
Devour, devour  
What a way to go

Devour, devour  
Suffocate your own empire  
Devour, devour  
It's your final hour  
Devour, devour  
Stolen like a foreign soul  
Devour, devour  
What a way to go  
What a way to go
