

# Shinhwa, Hey Come On (English Version)

Break it all down stop hittin' me  
Hanging on the string  
Cut me loose and let me do my thing  
No time for this, no rhyme for this  
Let me know now if you ain't serious

Gotta let me know whats up your heart  
You're with me, stop trippin'  
You know you wanna get some with me  
Darling it's time to be true to the things that you say  
My house waiting for you, every single day ya.

Hey, come on, what's going on now baby  
Hey, come on, don't mess me around  
Hey, come on, stop your driving me crazy  
Hey, come on, breaking on ground

Down, I'm down to the ground  
Let's kick it and let the kids go down  
I wanna move you, I wanna groove you  
Trying to get it on, trying to get it right through you

I gotta know whats going on with you heart  
You're with me, stop trippin'  
You know you wanna get some with me  
Girl, I want you forever, in so many ways  
Got to be with me, every single day ya

Hey, come on, what's going on now baby  
Hey, come on, don't mess me around  
Hey, come on, stop your driving me crazy  
Hey, come on, breaking on ground
