

# Shining, The One Inside

But I say: No!  
You wanna go with the flow  
But I am the one inside  
And I say: No!

There's something inside  
Something that decides  
Standing there across the Nile  
A figure in black  
You say you wanna leave it all behind

It says: No! /4x

There's a hole in ypour soul  
Where control is growing old  
You think, you think you decide  
You think you know the one inside

But I say: No!  
You wanna go with the flow  
But I am the one inside  
And I say: No!

I am you, you're I  
You're yhe one that decide  
I define myslef by how well I hide  
I define you by how well you lie  
You think, you think you decide  
You think you know the one inside

But I say: No!  
You wanna go with the flow  
But I am the one inside  
And I say: No!
