

Shiny Toy Guns, Ricochet!

Welcome back to
Where I'm gonna to have you
Shell shock - fall back
Every one I see through.
Watch your head spin
Like a mesocyclone
Bouncing off the walls
Now there's nowhere to run
Like a bullet ... meant to be shot
You're the target
Dead on the spot
When I focus ... I never miss
It starts with a kiss
[Chorus]
La la la la la
She ricochets!
And you don't notice.
She's in your head!
And you just don't notice
Let the sweat fall
Find me in the back stall
Let it snow down
Now we're gonna deck halls
I hit the bullseye
Making all the boys cry
I hit the main line
Breaking through the night sky
Like a bullet ... meant to be shot
You're the target
Dead on the spot
When I focus ... I never miss
It starts with a kiss
[Chorus]
