

Siddharta, Etna

We'll make you leave us in the Etna
we'll keep it silent on and forever
We'll make you leave us in the Etna
we'll keep it silent on adn forever

Final stop on bay reef
don't wait up unnecessary
decorate my humor
I feel better with my smile on

This must be the moutain
this must be the place I'm looking for

Made our beds inside it
noone else can see us in here
beautiful surroundings
underneath unknown is hidding

Nothing we're afraid off
this is just the place we're looking for

We'll make you leave us in the Etna
we'll keep it silent on and forever
We'll make you leave us in the Etna
we'll keep it silent on and forever
