

Sigrid, Focus (Demo)

don't look at me that way
you should know I can take it
cause you're making my face blush
bringing back the uselessness in my
people are telling me that I need to go through with this
but I'm too scared to admit
too scared to open up for you
I don't know what I want
I don't know what I want

I'm tired of always looking back to you
I need to move on
but you're making it hard
but you're making it hard

don't let me crawl to you
cause I'm not that kind of girl
I will not degrade myself
even if it means that we are not a we
I don't know what I want
I don't know what I need
what I need
so this is how it feels to be devastated
but you're feeling satisfied knowing
that someone wants you
when will this end?
I can focus
I don't have time for all of this
it's a waste of my time

I'm tired of always looking back to you
I need to move on
but you're making it hard
but you're making it hard
