

Sigrid, Home To You (This Christmas)

Couldn't wait til i got outside
Searching for those christmas lights
i knew i had to change my mind
Didn't realize it would happen all so soon, all so soon

But i see the world so different now
But there's a place where the snow is all around

When I don't know what to say
When I don't know what to do
There's a room I need to sit in
Surrounded by my favourite view
When i need a hand to hold
A hug to warm me through
Would it be ok- if I came home to you

Independend comes with a price
When questioning tyour own advice
And wehn i am out there in the cold
There's an open door
No matter what i do
What i do

But i see the world so different now
But there's a place where the snow is all around

When I don't know what to say
When I don't know what to do
There's a room I need to sit in
Surrounded by my favourite view
When i need a hand to hold
A hug to warm me through
Would it be ok- if I came home to you*
