

# Silje Nergaard, Take A Long, Long Walk

Take a long, long walk  
Off a short, short pier  
When you're wading ashore  
See if I'm waiting here

Take a long, long walk  
In the pouring rain  
You know a soaking or two  
Works a treat on the brain

You caught me on a hopeless day  
It's no one's fault but I just have to say  
I must have been insane or half asleep  
It turns out your promises weren't made to keep

You came and saw and conquered me  
So let me give you some advice for free  
The time has come for you to take a walk  
If I'm still here when you get back then we will talk

A stroll would do the world of good  
You might just see our love the way you should  
There is no hurry but if you are quick  
You'll be back to see my vanishing trick

When the going's heavy  
And words they just ain't getting through  
The choices ain't so many  
So you just do what you must do
