

# Silke Bischoff, On The Other Side I'll See You

Do you remember slow-motion times  
With little golden stars?  
I see you trundle in the streets  
I hold your hand in the cinema  
A piece of heaven

in a rotten world  
Aou disappeared in a roaring night  
I could die

I CRY

On the other side  
I'll see you again  
On the other side  
We'll walk hand in hand

On the other side  
I'll see you again  
On the other side We'll walk hand in hand

I saw you again with tears in your eyes  
My heart beats hard  
Time doesn't move in a picture  
But I can't live in the past

Life is easy  
If you don't care about the future  
And it's easy to smile  
If you don't care about the truth  
I still love you  
But I've changed myself

On the other side  
I'll see you again  
On the other side  
I'll see you again  
On the other side  
I'll see you again  
On the other side  
I'll see you again

On the other side  
I'll see you again  
On the other side We'll walk hand in hand  
On the other side  
I'll see you again  
On the other side We'll walk hand in hand

When I see you...
